Harness Comprehensive Solutions

Discover how the SS&C Black Diamond Wealth Platform empowers firms to expand their growth and drive efficiency.

Compliance & Surveillance

Leverage a web-based environment to verify supervisory activities and ensure consistent policy execution. Black Diamond offers a library of compliance tests to meet SEC, FINRA, and USA Patriot/Bank Secrecy Act regulations. Firms can select and use only the modules necessary for their specific needs.

Trust & Retirement Services

Clients expect more from their trust and wealth providers than ever before. Our Trust and Retirement services seamlessly integrate your firm's front-office tools, powered by your back-office data. Designed to be configured to the unique needs of your business, firms can leverage cutting-edge solutions to help provide the information their clients want to see.

Alternative Asset Servicing

Asset allocations in alternative investments continue to increase as investors seek further diversification and protection from market volatility. We can help aggregate your siloed data, deliver the analytics needed to support investors, and empower you to make data-driven decisions on alternative asset classes that deliver results.

Investment Management Services & Model Marketplace

Our investment management services seamlessly integrate with the Rebalancer tool to streamline proposal generation and model assignment so that you can focus on the work that matters.

CRM Solutions

Leveraging technology is crucial to meeting clients' demands for a personalized and comprehensive view of their financial lives. Our diverse CRM solutions can streamline your operations, giving you the tools to deliver exceptional financial guidance and stand out.
